Icefishing in Härjedalen

We begin our season in early November and close for the summer in late April (depends on ice conditions) While fishing in the uninhabited frontier, it is likely you will see Caribou, Moose – Brown bear, Lynx and untold amounts of wild birds and animals.

What you can expect on a Artic Char fishing guide trip...

- You will learn what areas of the lake are producing fish at that particular time of the winter, as well as the proper techniques and bait to use.
- We can expect overage Artic Char and also nice example of Brown Trout in this area - every day will char between 1 and 2 kilo be caught.
- Fishing in the shallow can be expected nice Graylings.
- All you need to bring is proper clothing and yourself.
- We also will going (depends of the snow condition) by ski or snowmobile to find the most hidden (for normal people) mountain water.
- We can also arrange lodging for you upon request. We have a number of houses available for rent by the day, week or month.
- We will really do, take care of you.
